'Safari' Supper in Village on August 29

What is a 'safari' supper you may ask?

Basically it is an excuse to meet up and spend an evening together by having dinner but changing dining partners and the venues at each course.

This is achieved by us all meeting together at a venue, Dawn and Ray have volunteered the Vicarage to start where we will have fpstarters and a pre-drink.

We then draw a venue out of a hat and off each couple go to meet their host for a main course. At a preset time having given everyone a chance to eat their meal and have a good chat we each draw lots to find out where we will be having our sweet course. If all goes according to plan we will be sitting down with a completely different set of dinner guests.

Finally, we will all meet up again at say the Village Hall for coffee and discuss the evening.

The ones I have been on in the past have been a great success and great fun. I am sure that ours can be even better as we do not have to drive.

Of course, to enable it to be possible we need the co-operation of hosts for main courses and sweet courses. As usual there will be a straight forward menu which can be put in the oven prior to leaving for the pre drinks so making sure the cook does not miss out on any of the fun.

It may sound complicated but it works really well.

We will do all we can to accommodate any villager who wishes to take part. If we have a problem of over subscription then we will take it on a first come first served basis.

In the event of a total of 50 villagers not having booked a place by August 3rd then the organising committee will decide whether to open it up to close friends of villagers.

What do you have to do?

Let Jenny Lord 775108 or Mike Kemp 772323 know by August 3rd at the latest whether you wish to take part.

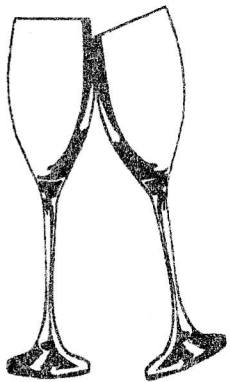

At the same time let Jenny know whether you are prepared to host either a main course or a sweet course and the maximum number you can accommodate.

Cost?

The cost will not exceed £8 per head but when the actual cost of the food is known we hope to be able to reduce the price and still make a modest excess for the fund.

Wine?

Bring your own. There will be NO corkage charge. Pre-drinks are included in the price.

More information?

Ask Mike Kemp on 772323
