Mr. Jack Meadows

Youngstown, Ohio 44212

Dear Jack:

I received the enclosed copy of letter addressed to you (marked red) from my brother in Portland with an apology that he ran out of copies and asked me to make two more to make a total of three for you (enclosed).

Apparently we are getting along fine with the project but of course will be very dependent on many Welsh people such as yourself.

The enclosures I hope are self-explanatory and no doubt you will be able to give us an early report. My brother will be here in Milwaukee with us at the beginning of next week.

Here is an excerpt of his letter to me: "Have Jack Meadows send copies of my letter, attached to Tom Jones' letter to WilkesBarrie and Scranton. I do not have any names for these two cities. Have Jack Meadows ask whether WilkesBarrie or Scranton will take October 2 should Washington or Allentown not come through. Youngstown, WilkesBarrie and Scranton are the only cities I did not send anything to".

We have filled in the dates according to the list on Page 3 of his letter. Self-addressed envelopes are enclosed for your reply as well as those from the other two cities.

Should you have any questions please do not hesitate to call me collect.

And now about Milwaukee 1970. I hope you and I are going to be pretty close during the 1970 Gymanfa because I have an idea you are going to enjoy every minute of it. The enclosed picture will enlighten you in part. This is where the Gymanfa Ganu will be held and weather permitting we will be eating the in-between sessions meal on the fountain patio and the upper terrace, which is to all intents and purposes on the roof. Complete facilities of course will be inside the building should inclement weather prevail.

Another part of the work that we are working on is a memoriam banner which our association intends to use at all sessions in the future, and to end this letter, how do you like the write-up we got in the Milwaukee Journal which of course gives advance information on the Gymanfa.

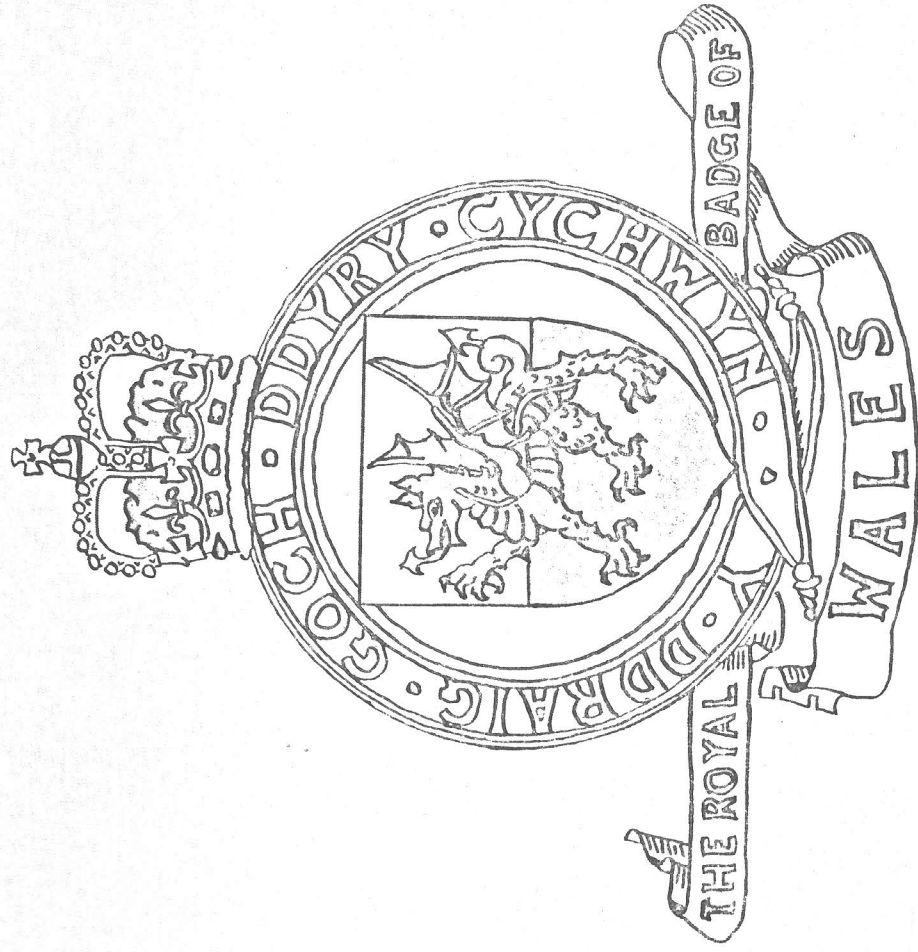

Both Edna and I are looking forward to seeing you in Cardiff, and let me know what I am supposed to do there.

Sincerely yours,

G. J. Parri
